

Acrylic Distribution Box Size Standards

Overview

Standard acrylic box sizes typically range from 4"x4"x4" to 12"x12"x12", with common retail sizes being 6"x6"x6" and 8"x8"x8". Custom sizes can be manufactured to any dimension within production capabilities (usually up to 72"x48" for single pieces). In my experience working with various. Our mission is to meet customer's expectations by providing satisfaction through cost, quality, service, delivery and continuous improvement. ABB Mini Center Compact distribution board is the basis for development and growth in meeting all the demands for a successful future in residential. Electrical enclosure sizes are not universal, but most manufacturers follow common size families. This guide explains typical wall-mount and floor-standing dimensions, how to read catalog sizes, and how to choose the right enclosure size for your layout. Luxa Distribution Boxes are specially designed & engineered to provide safety, convenience and simplicity.
