

Brunei Aluminum Alloy Cable Tray Price

AI Overview

Aluminum cable tray prices in Brunei vary depending on type, size, and supplier, with international reference prices starting around \$10–\$50 per meter for standard trays. Overview of Pricing Aluminum cable trays are available in several types, including perforated trays, ladder trays, and wire mesh trays. Prices depend on dimensions, load capacity, and finish. International suppliers, such as those listed on Alibaba, offer aluminum cable trays ranging from \$10 to \$50 per meter, depending on size and customization options. Bulk orders or OEM requests may reduce the per-unit cost. Local Suppliers in Brunei Hang San Hardware Sdn Bhd: Established in Brunei, they supply building and construction materials, including cable trays. Pricing is typically available upon request for local delivery. Syarikat Lan-Ric Industries Sdn Bhd: Offers various cable tray types, including perforated and ladder trays. They provide solutions for electrical and mechanical installations, and prices can be obtained by contacting them directly. Considerations for Procurement Type of tray: Ladder trays are generally more expensive than perforated trays due to higher material usage. Length and width: Larger trays or custom sizes increase cost. Fireproof or coated trays: Additional treatments for fire resistance or corrosion protection may add 10–30% to the base price. Accessories: Elbows, risers, and mounting brackets are sold separately and should be included in the budget. For accurate Brunei-specific pricing, it is recommended to contact local suppliers directly for quotes, as shipping, import duties, and local market conditions can significantly affect the final cost. International suppliers can provide a baseline for comparison when negotiating local prices.
