

Changqing Galvanized Aluminum-Magnesium Cable Tray

Overview

A corrosion-resistant cable support system manufactured from steel substrate with advanced Zn-Al-Mg alloy coating. Standard configurations include ladder-type, tray-type, and channel-type designs with compatible accessories. Optional organic coatings enhance performance. is a large-scale professional manufacturer of cable trays integrating R&D, production and sales, specializing in the production of cable trays and supporting accessories for electric control and power distribution. reduces design. Shandong Xuanlin Metal Materials Co., was founded in 2008, covers an area of 10, 000 square metres. We currently sell domestically and export worldwide to places such as Africa, North America and the Middle. Our market-leading cable tray system is now available in ZM (Zinc Magnesium), as well as existing finishes (pre-galvanized, hot-dip galvanized, powder coated and stainless steel). ZM is a metallic coating applied to steel which is made up of a chemical composition which includes Zinc, Magnesium and.
