

Customized Low-Voltage Complete Equipment for Uganda

AI Overview

Several Ugandan companies provide customized low-voltage electrical equipment, including switchgear, transformers, control panels, and complete power distribution solutions tailored to industrial and commercial needs. Key Providers in Uganda

Arc Control Limited is an ISO 9001:2015 certified company based in Kampala, specializing in the design and manufacturing of electrical switchboards, servo voltage stabilizers, bus ducts, cable trays, and low-voltage systems. They offer complete solutions including package substations, transformers, and MV/HV switchgear, with a focus on reliable power distribution and system safety.

ENEL Power Services Uganda Ltd provides a wide range of electrical services, including low-voltage switchgear, transformers, cables, arrestors, and electrical control systems. They also offer substation design, fast-track installation, and maintenance services for commercial, industrial, and domestic clients.

Lone Africa Limited supplies and supports low-voltage electrical materials and products suitable for demanding industrial applications. Their offerings include LV switchgear, controls, instrumentation, protection systems, power cables, and generators ranging from 5kVA to 1000kVA. They provide installation, commissioning, and 24/7 emergency support, ensuring compliance with ISO 9001 and international standards.

Level Energy Solutions delivers end-to-end low-voltage solutions, including PCC panels, UPS systems, and motor control panels. They also provide medium-voltage services, transformer manufacturing, and maintenance, with a strong track record of over 500 transformers delivered and more than 100 completed projects across Uganda.

Chuanli Electric offers customized low-voltage switchgear, cable distribution boxes, and power transformers. Their products are IEC, GB/T, and ISO9001 compliant, with modular d...

Article Content

Exporter of LV Panels In Uganda

We offer high-quality low-voltage equipment to utility, industrial, and corporate units/sector customers. Our panel meets the requirements of IEC standards. We supply customized

Level Energy Solutions | Transformer Solutions | Kampala, Uganda

Offering a range of Low Voltage services, including PCC panels, UPS systems, and Motor Control Panels, we ensure efficient energy management for commercial and industrial applications,

Elektrex | Electrical Suppliers

Elektrex is the leading electrical supplier and contractor based in Kampala, Uganda for over 25 years.

ECS: Leading Transformer Manufacturer Uganda

ECS is an electrical engineering company located in Uganda that manufactures and supplies distribution transformers, low voltage panels, switchboards, and power distribution and control systems. It was

Generators in Uganda | machineryug

Generators-Power Equipment Suppliers 4KVA Generator AVR System (Automatic Voltage Regulator System), Key Start UGX 1,500,000 4KVA Generator AVR

About Us

Establishment Since being founded in 1983 ECS has grown to become a leading local manufacturer and supplier of Distribution Transformers and low Voltage Distribution Panels Main Switchboards (the

Electrical Equipment – ENEL POWER SERVICES (U) LIMITED

We are authorized dealers for supply of high quality, low voltage switchgear, motors, Transformers, conductors, insulators, metal bars and other electrical accessories.

Electrical Equipment in Uganda for sale Price on Jiji.ug

25kwh 48v 3phase Lantinent Hybrid Solar System Full Kit About this item 25kwh 48v 3 phase low voltage system: designed for stable, balanced and efficient...

Electrical Controls & Switchgear Ltd – Transformer manufacturers and ...

To establish and maintain the position as a leading engineering company, supplier of industrial electrical switchgear, Transformer and panel builders in uganda.

Arc Control Ltd | Home page

Arc Control Limited is based in Kampala, Capital City of Uganda. Our core competencies begin with our ability to apply proven, reliable electrical

East Africa Technical Teams Ltd – Quality and Safety Guaranteed

Our electrical engineering portfolio is most vibrant with experience in project management, contract planning, and construction of low and high voltage electrical power lines.

Electric Switchgear Solutions | Enercon

Enercon builds custom low- and medium-voltage switchgear tailored to your specs. UL891 and UL1558 certified, reliable, and ready for retrofit or new installs.

JSL Power Systems Uganda

Mantab Engineering Services Limited Subcontract for design review, construction, testing and commissioning of high voltage power distribution networks in the Eastern districts of Soroti, Bukedea,

Lone Africa Limited

Lone Africa Limited is a regional company registered in Kenya and Uganda with a business focus biased towards offering engineering solutions and related supplies.

Electrical Equipment and accessories – Libitco Technical Supplies ...

LIBITCO can supply a large variety of Electrical equipment, cables, switch boxes, circuit breakers, batteries, lightning and transformers for many different applications in Oil & Gas facilities,

REA Uganda seeks contractors for distribution transformers

The Rural Electrification Agency in Uganda, has issued a pre-qualification notice for detailed engineering design, procurement, construction and commissioning of Medium Voltage (33kV

High Voltage Transmission Equipment Supplied In In Uganda

High-voltage direct-current (HVDC) transmission is a key technology for enhancing the efficiency and stability of power networks, especially in response to growing energy demands and the integration of

Arc Control Ltd | Low Voltage Customized Manufacturing products

Arc Control Limited provides a complete range of low voltage custom-built electrical products through manufacturing partners and in-house manufacturing facility.

MALT ELECTRICAL ENGINEERING CO. LTD

Over the past 16 years, we have successfully executed tremendous projects including construction of power lines (11kv & 33kv for over 1079 km), surveying and designing of 3095 km (both LV & HV)

Products | CorePlus Logistics Limited

Coreplus supplies low-voltage cables and systems for power distribution and the wiring of buildings. All products comply with international and local relevant standards.

Uganda Electricity Transmission Company Limited

UETCL's Operations & Maintenance team erecting emergency towers to ensure continued bulk power supply in response to vandalism of the 132kV Owen falls - Mukono North and Mukono North -

Voltage Optimization on Low Voltage Distribution Transformer Zones ...

By analyzing real-time data from various LV transformer zones in Uganda, this study investigates the impact of voltage fluctuations on the overall power distribution network.

Klenex Engineering | Engineering and Consultancy Services

We offer Engineering and Consultancy services. We distribute and support a wide range of Power Systems Equipment, supply of genuine spare parts, at competitive prices.
