

Distribution boxes direct from Qatar manufacturer

AI Overview

Coloria is widely recognized as a leading provider of high-quality distribution boxes in Qatar, with Electra and Malik Electrical also offering reliable solutions. Coloria is a trusted name across the GCC, including Qatar, known for supplying CommerLine and MediLine distribution boxes that are designed to withstand extreme Gulf climates, including high temperatures and sandstorms. Their products are used in large-scale projects such as shopping malls, hospitals, and mixed-use developments. Coloria emphasizes fireproof materials, smart monitoring features, and compliance with international safety standards, making them a preferred choice for critical infrastructure and high-load applications. They also provide end-to-end electrical solutions, including cables, switches, and smart home components, simplifying procurement and installation. Electra Qatar supplies Distribution Point Boxes made from self-extinguishing polystyrene, offering corrosion resistance, high impact durability, and maintenance-free use. Their boxes are designed for indoor applications with IP30 protection class and UL 94V-0 flammability rating, ensuring safety and reliability in commercial and residential settings. Electra is known for modular installation components, making their products easy to install and maintain. Malik Electrical is another supplier in Qatar that provides a range of distribution boxes suitable for various electrical projects. While specific product details are less highlighted, they are recognized locally for offering functional and reliable electrical enclosures.

Choosing the Right Supplier When selecting a distribution box supplier in Qatar, consider:

- Climate resilience:** Ability to withstand high temperatures and dust/sand exposure.
- Safety standards:** Fireproofing, flammability ratings, and compliance with international codes.
- Project scale:** Large commercial or...
