

Dubai Fiber Optic Connector Customization Price

AI Overview

Fiber optic connector prices in Dubai vary by type, quality, and supplier, typically ranging from AED 10 to AED 150 per connector depending on specifications and bulk purchase options.

Overview of Connector Types and Applications

Fiber optic connectors are essential for linking fiber optic cables to devices like switches, transceivers, and patch panels. Common types include:

- SC (Subscriber Connector):** Widely used in telecom and data centers; simple push-pull mechanism.
- LC (Lucent Connector):** Compact, ideal for high-density applications; latch mechanism.
- ST (Straight Tip):** Legacy systems; screw-on coupling.
- FC (Ferrule Connector):** Durable, used in industrial or military setups; threaded coupling.
- MTP/MPO (Multi-fiber Push-on/Pull-off):** High-density connectors for multiple fibers, often in data centers.

Price Range in Dubai

While exact prices fluctuate based on supplier, quality, and quantity, typical ranges are:

- Standard connectors (SC, LC, ST, FC): AED 10–50 per piece for single-mode or multi-mode connectors.
- High-end or specialized connectors (MTP/MPO, APC variants): AED 80–150 per piece, especially for high-density or precision-engineered types.

Bulk purchases: Many suppliers offer discounts when buying in larger quantities, which can reduce per-unit costs significantly.

Suppliers and Purchasing Options

- Naficon Fiber Optic Manufacturing LLC:** ISO9001 certified, offers a wide range of fiber optic products in Dubai and the Middle East, including connectors suitable for modern data centers and telecom networks.
- Ultra Stream Technologies:** Provides SC, LC, ST, and MTP adapters with transparent pricing and technical support for businesses of all sizes in Dubai.
- Online marketplaces:** Amazon.ae lists various fiber optic connector kits, including multi-type couplers for single-mode and multi-mode cables, with prices varying depending on kit size and brand.
