

Fiber Optic Cable Tie-up Rope

Overview

Fiber is fragile: The right cable tie prevents crushing and signal degradation. Use gentler options: Hook-and-loop, low-tension, and releasable ties protect fibers. The SPEEDWRAP ® Brand FIBERTie™ product line includes cut-to-length tapes and fabricated cable ties. These hook and loop fasteners offer a reusable and adjustable cable management solution. The self-gripping fastener's unique design enables the installer to quickly wrap the tie around a bundle of. Strain-Relief Kit, Includes One Cable Clamp and One Support Bracket High quality cable management products that keep fiber cables' minimum bending radius to prevent fibers from being damaged. Standards matter: Follow TIA-568, BICSI, NFPA 70, and UL requirements.
