

Fiber optic cable wall-mounted section

Overview

A Fiber Optic Socket Wall Outlet, also called a fiber optic faceplate or optical termination outlet, is a mounted interface designed to house and protect fiber optic terminations, such as SC, LC, or ST connectors. FS FHD/FHZ series fiber enclosures (wall mount/rack mount) provide versatility and flexibility with a fully modular solution for a variety of fiber optic patching, terminating and splicing. It's typically installed on walls to provide a clean endpoint for incoming fiber drop. Corning wall-mountable connector housing (WCH) product family offers enhanced innovative features that make installation and troubleshooting of fiber optic connectivity faster, easier and more cost-effective. From fiber and cable routing and strain-relief to port labeling and termination, these CommScope wall boxes offer efficient fiber connectivity. Easy installation, versatile sizes, and superior cable management.

Article Content

Wall Boxes

CommScope offers a complete line of easy-to-use access terminals, copper and fiber splice closures, patch closures and accessories to speed deployment.

Product Type

Cable Assemblies Deliver optimal high-speed performance with a variety of cable assemblies, including copper, fiber and hybrid options.

Legrand AV | C2G | USB-C Docking Stations, HDMI, HDBaseT,

The C2G Thunderbolt™ 5 USB-C Cable is Intel®-certified and designed for ultra-fast data transfer, high-resolution video, and powerful device charging.
