Key Manufacturers

1. Jeetmull Jaichandlall (P) Ltd. This company is recognized for producing high-quality cable trays in various sizes, shapes, and materials suitable for industrial applications. Their trays are designed to withstand heavy loads and resist wear, making them suitable for fire-resistant installations when using appropriate materials like galvanized steel or stainless steel.
2. Brilltech Engineers Pvt. Ltd. Brilltech offers a wide range of cable trays, including perforated and ladder types, made from galvanized steel, stainless steel, and fiberglass, which enhance fire resistance. Their trays support cable organization, airflow, and cooling, and they provide technical assistance for system design and installation.
3. Cable House Cable House manufactures durable and reliable cable trays using graded raw materials and modern technology. Their products are designed for long operating life and compliance with industry standards, making them suitable for fire-resistant applications in industrial and commercial projects.
4. MAK Cable Trays & Fabricators MAK specializes in perforated, ventilated, and bolted rung ladder trays with GI/MS covers to protect cables from moisture and environmental hazards. Their products are recognized internationally and can be adapted for fire-resistant installations.

Considerations for Fireproof Applications

Material Selection: Opt for galvanized steel, stainless steel, or fiberglass trays, as these materials provide higher fire resistance.

Tray Type: Ladder and perforated trays improve airflow, reducing heat accumulation and enhancing fire safety.

Compliance: Ensure the manufacturer can provide trays that meet local or in...
