

Huijue Mesh Cable Tray Installation Price

AI Overview

Huijue mesh cable trays typically cost between \$2 and \$25 per meter, depending on material, size, and order quantity, with wire mesh trays being among the more affordable options.

Price Overview The cost of Huijue mesh cable trays varies based on material type, surface treatment, tray dimensions, and supplier. Wire mesh or basket trays are generally lighter and cheaper than ladder or solid-bottom trays, making them ideal for lightweight cabling in offices or data centers. For bulk orders, prices can be significantly reduced, sometimes by 20%–50% if imported from China or purchased in large quantities.

Material and Coating Impact

- Pre-Galvanized Steel (PG):** Most affordable, suitable for dry indoor environments.
- Hot-Dip Galvanized Steel (HDG):** More expensive, highly durable, ideal for outdoor or industrial settings.
- Aluminum:** Lightweight and corrosion-resistant, higher upfront cost but easier to install.

Installation and Labor Costs The total construction cost includes installation labor, hangers, and accessories. Wire mesh trays are easier to cut and bend, reducing labor time and overall project cost compared to conduit or solid trays. Skilled labor, regional wage differences, and equipment depreciation also affect the final price.

Supplier Options Huijue mesh cable trays are available through verified B2B suppliers, offering bulk pricing and customized solutions. Buyers can request price lists for specific sizes and minimum order quantities to get accurate quotations for their projects.

Cost-Saving Tips

- Opt for wire mesh trays if load requirements are moderate, as they are cheaper than ladder trays.
- Bulk purchasing can reduce per-meter costs by up to 40%.
- Consider importing from China for large projects to save 30%–50% on material costs.

In summary, the construction price of Huijue mesh cable trays depends on material, size, coating, and installation complexity, with typical per-meter costs ranging from \$2 to \$25, and potential savings for bulk or imported orders.
