

Indoor Distribution Box Housing Manufacturer

AI Overview

Leading manufacturers of indoor distribution box housings include Norden Communication, VIOX Electric, Wieland, and SKKBO, offering durable, customizable, and IP-rated enclosures for various applications. Key Manufacturers and Offerings

1. **Norden Communication** Norden Communication is a global manufacturer and supplier of indoor distribution point boxes, providing electrical and optical solutions suitable for residential, commercial, and industrial installations. Their products are designed for worldwide supply and emphasize reliability and quality for indoor applications.
2. **VIOX Electric** VIOX Electric specializes in premium distribution boards and electrical panels. They offer ABS and stainless steel indoor enclosures with high IP ratings, enhanced safety features, and user-centric designs. VIOX supports OEM and private label solutions, making them suitable for customized residential, commercial, and industrial projects.
3. **Wieland Electric** Wieland provides smart and flexible distribution boxes for decentralized electrical installations. Their indoor enclosures are designed for pluggable installation, signal and power distribution, and smart building applications. Wieland emphasizes energy efficiency, modularity, and compliance with IEC standards, making their products suitable for complex building projects.
4. **SKKBO** SKKBO offers a wide range of indoor electrical boxes with high customization options. Their enclosures are made from impact-resistant ABS or PC materials, with some metal options for added durability. SKKBO supports features like hinged doors, sealing gaskets, DIN rails, cable glands, and flush or surface mounting. Their indoor boxes are IP-rated from IP30 to IP65, providing protection against dust and moisture, and are suitable for residential, industrial, and commercial applications.

Features to Consider Material: ABS, PC, or metal for durability and impact resistance...
