

Latest news on active optical cables

Overview

CAMBRIDGE, England - March 17, 2026 - A collaborative team of researchers from MediaTek, Microsoft Research, and other suppliers have successfully designed a next-generation Active Optical Cable (AOC) powered by miniaturized MicroLED light sources. This revolutionary design of an Active MicroLED. Los Angeles, USA - Active Optical Cable market is estimated to reach USD xx Billion by 2024. It is anticipated that the revenue will experience a compound annual growth rate (CAGR 2026-2032) of xx%, leading to a market volume USD xx Billion by 2032 The Global "Active Optical Cable Market" is at the. SHENZHEN, May 11, 2026 — As large language model training enters the era of trillion-parameter scale, the internal interconnect distance of AI compute clusters is becoming the new "red line" that determines training efficiency. The Active Optical Cable Market size was valued at USD. It will help end users understand the complex market and various trends of the global Active Optical Cable (AOC) market. They outperform copper regarding performance and efficiency since they enable data transmission at much higher speeds, consume less power, and transmit over longer distances.
