

Modular Data Center Industry Analysis

Overview

Modular Data Center Market Size, Share and Research Report By Solution (Functional-Module Solution, Services), By Application (Data Center Expansion, Hyperscale Edge, AI/GPU Training Pods, Disaster Recovery, Starter/SMB, Crypto-Mining), By Build Type (Prefabricated). The global modular data center market size was estimated at USD 29.04 billion in 2024 and is anticipated to reach USD 75.80 billion during the forecast period. The industry is primarily driven by the increasing demand for scalable and energy-efficient data center. The market is projected to grow from USD 42.80% during the forecast period. The modular data center market is transitioning from a niche deployment alternative toward a strategic infrastructure model supporting distributed. Modular Data Center Market was valued at USD 18.

Modular Data Center Market Size, Share, Growth, Analysis, 2034

The accelerating increases in artificial intelligence (AI), machine learning, and data analytics workloads are fueling heavy demand for modular data centers with creative cooling and

Eight Trends That Will Shape the Data Center Industry in 2026

As the data center industry moves into 2026, the impulse to build faster is unmistakable. Modular construction, prefabrication, standardized power blocks, and repeatable designs are in no way

AI Datacenter Liquid Cooling Market : Global Industry Analysis and ...

Data Validation: Cross-checked quarterly against global datacenter build announcements, cooling system procurement data, and manufacturer financial disclosures. Why is

Nuclear Small Modular Reactors (SMRs) Market 2026

Nuclear Small Modular Reactors (SMRs) Market 2026-2046: Technologies, Players, Benchmarking, Forecasts Technologies, key players, and market landscape for

Modular Data Centers Market Size, Share, & Trends Analysis

The modular data centers market report provides comprehensive coverage of key market trends, growth drivers, challenges, and regional dynamics shaping the industry.

Modular Data Center Market Size, Share | Industry Report, 2035

Modular Data Center Market Summary The global Modular Data Center Market was valued at USD 38.50 billion in 2025 and is projected to reach USD 45.20 billion in 2026 before climbing to

McKinsey technology trends outlook 2025 | McKinsey

Which new technology will have the most impact in 2025 and beyond? Our annual analysis ranks the top tech trends that matter most for companies and executives.

Coherent Market Insights: Market Research and B2B Consulting

Coherent Market Insights provides Market Research, Customized Research, Business Intelligence, B2B Consulting, and Advisory Services to clients worldwide.

Executive summary - Energy and AI - Analysis

Based on a new global model and comprehensive dataset of data centre electricity demand, its analysis was also enriched by an in-depth process of consultation

AI is set to drive surging electricity demand from data centres while ...

AI will be the most significant driver of this increase, with electricity demand from AI-optimised data centres projected to more than quadruple by 2030. In the United States, power

Global AI Optical Transceiver Market to Reach US\$26 Billion in 2026 ...

This surge is driven not only by specification upgrades but also reflects a broader structural reshaping of the optical communications supply chain amid accelerating AI data center

Media Center

Johnson Controls Media Center provides all the latest updates and materials on our industry-leading solutions.

Modular Data Center Market Size & Growth Drivers 2025 - 2031

Our study frames the modular data center market as purpose-engineered, factory-integrated modules housing IT, power, and cooling systems that can be shipped, craned into place,
