

Places in Libya that sell fiber optic cables

AI Overview

You can purchase fiber optic cables in Libya through local ICT companies, construction and communication service providers, and online trade platforms. Local Companies and Service Providers

Afaq ICT – Offers a full range of fiber optic services including network design, installation, maintenance, and cable testing. They provide customized solutions for communication networks and can supply fiber optic cables for both commercial and institutional projects in Libya.

ATC Libya – Specializes in infrastructure projects including the extension of fiber optic cables and communication backbone networks. They handle trenching, installation, and distribution of fiber optic networks, making them a reliable source for large-scale projects.

Libyan Elite (FTTX Services) – In partnership with Libya Telecom, they provide Fiber To The X (FTTX) solutions, including FTTH (Fiber To The Home) and FTTB (Fiber To The Building). They can supply fiber optic cables for residential and business connectivity projects.

Online Trade Platforms

Tradekey Libya – Lists multiple Libyan suppliers, importers, and distributors of fiber optic cabling. This platform allows you to compare products, request quotes, and contact suppliers directly for bulk or specialized orders.

Market Overview

The Libyan market for optical fibers and cables has seen significant imports in recent years, reflecting growing demand for communication infrastructure. Both local companies and importers are active in supplying fiber optic cables for various applications, from residential internet connections to large-scale network deployments.

Recommendations

For commercial or large-scale projects, consider contacting Afaq ICT or ATC Libya for both supply and installation services. For residential or smaller-scale installations, Libyan Elite can provide FTTX solutions and fiber optic cables. For bulk purchases or price comparisons, explore Tradekey Libya to connect with multiple suppliers and distributors. By leveraging these options, you can source fiber optic cables in Libya...
