

Price of Angle Steel Portal Bracket for Cable Trays

AI Overview

Angle steel portal brackets for cable trays typically range from £5 to £25 per unit, depending on size, load capacity, and supplier. Overview Angle steel portal brackets are essential for supporting cable trays in industrial and commercial installations. They are usually made from heavy-duty steel, often pre-galvanized for corrosion resistance, and are designed to mount cable trays securely to walls, ceilings, or structural supports. These brackets can accommodate various tray widths and configurations, including ladder, ventilated, or solid-bottom trays. Price Range Standard steel angle brackets for cable trays generally cost £5–£15 per piece for light to medium-duty applications. Heavy-duty or specialized brackets, such as those with nail gun inserts or adjustable portal designs, can range from £15–£25 per unit. Bulk orders or trade pricing may reduce the per-unit cost, and some suppliers provide custom quotes for large projects. Where to Buy RS Components: Offers a wide range of cable tray supports and angle brackets suitable for various tray types, including heavy-duty options. City Electric Supply: Provides steel angle brackets for conduit, cable trays, and structural reinforcement, with bulk packs available. Shop4Electrical: Stocks stand-off and wall-mounted cable tray brackets with next-day delivery for UK customers. DirectChannel UK: Specializes in cable basket wall brackets, which are compatible with 50x100mm mesh trays and heavy-duty installations. Tips for Purchasing Check compatibility with your cable tray type (ladder, ventilated, or solid-bottom). Consider load requirements to ensure the bracket can support the weight of cables and trays. Request bulk or trade pricing if purchasing multiple units to reduce costs. Verify delivery times for heavy or custom brackets, as some may require longer dispatch periods. For exact pricing, it is recommended to...
