

Price of Fiber Optic Coupler Protective Housing

AI Overview

Fiber optic coupler protective housings typically range from \$5 to \$50 per unit, depending on type, capacity, and supplier. Overview Fiber optic coupler protective housings, also known as splice enclosures or connector housings, are used to protect fiber optic connections and couplers in network installations. They are compatible with various connectors such as LC, SC, MPO, MU, and ferrules like F1, F2, HMUA-F3, and HSC. Housings can be wall-mounted, panel-mounted, or free-hanging, and are designed to secure and protect fiber splices from environmental damage. Pricing Examples DigiKey offers fiber optic connector housings for individual connectors, with prices generally starting around \$5-\$15 per housing, depending on the connector type and material. Mouser Electronics lists similar housings with prices in the \$5-\$20 range, often including datasheets and bulk purchase options. Amazon provides fiber splice enclosures suitable for LC couplers and MPOE setups, with prices ranging from \$10 to \$40 for small wall-mount boxes. Alibaba and Global Sources offer wholesale and factory-direct options, where prices can drop to \$3-\$10 per unit for bulk orders, especially for heat-shrinkable or standard splice closures. Factors Affecting Price Type of Housing: Wall-mount, panel-mount, or inline enclosures. Connector Compatibility: LC, SC, MPO, MU, or multi-fiber couplers. Capacity: Number of fibers or couplers the housing can accommodate. Material and Durability: Plastic vs. metal housings, weatherproof or indoor use. Order Quantity: Bulk purchases significantly reduce per-unit cost. Recommendation For small-scale installations, purchasing from DigiKey, Mouser, or Amazon is convenient and provides immediate shipping. For large-scale or wholesale needs, Alibaba or Global Sources offer lower per-unit prices with factory-direct options. Always check compatibility with your fiber connectors and required e...
