

Price of environmentally friendly cable trays in Canada

AI Overview

Prices for environmentally friendly cable tray supports in Canada vary widely depending on material, size, and manufacturer, typically ranging from CAD 50 to CAD 300 per support unit, with custom or modular solutions costing more.

Key Suppliers and Options

Unitray is a leading Canadian manufacturer of aluminum cable trays and supports, offering CSA-approved products and maintaining ISO 14001 environmental management standards, which ensures eco-friendly production practices. Their standard tray lengths are 3m, 5m, and 6m, and they provide ladder, perforated, and solid bottom trays suitable for sustainable projects. Mechano Max specializes in modular bolt-together cable tray supports that eliminate welding, reduce installation waste, and allow for on-site adjustments. These systems are durable, reusable, and adaptable, making them a more environmentally conscious choice compared to traditional welded supports. Other notable suppliers include Superior Tray, Unitray, Graybar Canada, Zip Tray, and Lumen, which offer a range of steel and aluminum trays. Some manufacturers provide recycled or recyclable materials, contributing to sustainability goals.

Factors Affecting Price

Material: Aluminum and recycled steel supports are generally more expensive than standard steel due to durability and environmental benefits.

Design: Modular, adjustable, or custom supports cost more than standard fixed supports.

Certifications: Products with CSA approval, ISO 14001, or other environmental certifications may carry a premium.

Quantity and Project Scope: Bulk orders or large-scale industrial projects can reduce per-unit costs, while small or specialized orders increase costs.

Estimated Price Range

Support Type	Estimated Price Range (CAD)
Standard environmentally friendly supports	50-150 per unit
Modular or adjustable supports	150-300 per unit
Custom or large-scale industrial solutions	300...
