

Professional Edition Network Fiber Optic Patch Cord

Overview

They are available in multimode (OM1, OM3, OM4, OM5) and single-mode (OS2) fiber types, with a range of SC, ST and LC connectors. Our premium option offers low insertion loss and custom length options. Fiber optic patch cords, also known as fiber jumpers or fiber patch cables, are essential components in modern network infrastructure. GETEKnet, as a professional OEM fiber patch cord manufacturer and supplier, delivers a full range of products from standard patch cords to customized designs. Executive Summary: With data center traffic doubling every three years and enterprise networks pushing toward 400G and 800G speeds, choosing the wrong fiber optic patch cable does more than create a bad connection—it creates a cascading performance bottleneck that haunts your operations team for. FS offers full range of fibre optic patch leads & cables with bend insensitive fibre design that support fibre optic cabling up to 400G. 100% end-face, IL & RL tested. In combination with the appropriate splicing technology, our high-quality fiber optic patch cables ensure reliable and high-performance fiber optic cabling.
