

Secondary distribution box delivered to your door

Overview

Same-day delivery in Manhattan, Brooklyn, Queens, and the Bronx. Just order by 1pm and we'll be there by 9pm. The secondary distribution box market is evolving rapidly, driven by global infrastructure growth and a push for smarter, more reliable power networks. This critical node in the electrical grid, which steps down power for final delivery to consumers, is seeing significant innovation. Our boxes are designed to protect your belongings during loading, transport, and storage — the same spec. ACS takes the basic idea of zone wiring and combines it with pre-cut, pre-tested cable and plug-in connectors, to provide power and telecommunication systems that can be installed under raised floors (The Intelligent Floor), or in accessible ceilings (The Intelligent Ceiling). Our solutions enable short planning and realization times and allow optimized. If you want to use the distribution box outdoors, you should definitely use an IP65 damp-proof distribution box. For indoor use, you can choose between surface-mounted and flush-mounted distribution boxes.
