

South Korean power distribution box component manufacturers

AI Overview

South Korea hosts several specialized manufacturers of power distribution boxes and electrical enclosures, including HWASIN, Shinsung Industrial Electric, BOXCO, and SEGIBIZ. Key Manufacturers

HWASIN Co., Ltd. HWASIN specializes in high-performance electrical enclosures and control panels for industries such as electricity, electronics, telecommunications, chemicals, shipbuilding, and construction. They produce standard and custom-made boxes, distribution boards, control panels, and explosion-proof products using plastic, steel, and aluminum. Their plastic enclosures are corrosion-resistant, highly insulating, and waterproof, with key product lines including N Series terminal boxes, F Series control boxes, Q Series European control boxes, and G Series power distribution boxes.

Shinsung Industrial Electric Shinsung manufactures a wide range of electric power distribution equipment, including overhead line reclosers, load break switches, ring main circuit breakers, sectionalizers, automatic load transfer switches, gas-insulated switchgear, and microprocessor-based relays. They also produce most components in-house to ensure quality and have been supplying KEPCO (Korea Electric Power Corporation) for over 16 years.

BOXCO BOXCO is known for producing all-purpose electric and electronic enclosures, offering high-quality solutions for both domestic and international markets. Their products include plastic and molded boxes suitable for various electrical applications.

SEGIBIZ Co., Ltd. Founded in 2006, SEGIBIZ manufactures terminal boxes, pushbutton boxes, hinge boxes, and LED-related enclosures. They focus on improving work efficiency for electricians and maintain ISO 9001:2008 quality control standards. Their product range includes aluminum profiles and rechargeable LED working lamps integrated with distribution solutions.
