

Syrian custom fiber optic cable manufacturer

AI Overview

Syria Cables, Alawal Cables, and OSC are leading Syrian manufacturers and providers of fiber optic and network cables. Key Manufacturers Syria Cables Founded in 1991, Syria Cables is one of the largest and most established cable manufacturers in Syria. They produce fiber optic cables, electrical cables, and control/alarm system cables for industrial, residential, and commercial applications. Their products are designed with advanced shielding, fire safety, and environmental resistance, making them suitable for high-performance and industrial-grade applications. Alawal Cables Based in Aleppo, Alawal Cables specializes in insulated and electrical cables for both industrial and residential projects. They are recognized for providing top-grade cable solutions and have a strong presence in the Syrian market. OSC (Optical Systems Company) OSC focuses on fiber optic network projects and IT infrastructure. They provide supply, installation, and maintenance of wired, wireless, and optical networks, including LAN, WAN, and GPON systems. OSC has executed large-scale projects such as connecting university campuses via optical networks and supplying over 500,000 ADSL ports and 100,000 GPON ports in collaboration with the Syrian Telecommunications Company. National Fiber Infrastructure Syria is actively expanding its Fiber-to-the-Premises (FTTP) network under the BARQ NET initiative, covering all 14 governorates. The Ministry of Communications and Information Technology (MoCT) invites qualified companies to deploy and operate passive fiber infrastructure, often contracting local Syrian companies for civil works and installation. This initiative provides opportunities for manufacturers and network providers to participate in nationwide broadband deployment. Additional Notes While some international suppliers like ETK Kablo and WAVETEL provide fiber optic solutions to...
