

Where can I find fireproof ladder-type cable trays in Ethiopia

AI Overview

You can source fireproof ladder-type cable trays in Ethiopia from local manufacturers like NAHMA Precision Metal Products and Brilltech Engineers, or consider international fire-resistant systems from suppliers such as Meka Pro. Local Suppliers NAHMA Precision Metal Products (Addis Ababa) They manufacture high-quality ladder-type cable trays and other cable management solutions for industrial and electrical applications in Ethiopia. While their standard trays are durable and corrosion-resistant, you can request custom fireproof or fire-resistant options to meet local fire safety codes (ET-NFC 2015) and structural standards (ESA SES 501:2015). Brilltech Engineers Pvt. Ltd Offers a wide range of ladder cable trays in materials such as mild steel, stainless steel, and PVC. Their products are designed for strength, corrosion resistance, and long-term reliability, and they provide customizable solutions that can include fire-resistant coatings or materials suitable for critical installations.

International Fire-Resistant Options Meka Pro Specializes in fire-resistant cable support systems, including ladder-type trays. Their products are tested according to EN 1363-1 standards and ensure that electrical systems remain operational during fire events. Meka Pro provides over 1200 fire-tested products and offers guidance on installation with fire-rated fasteners, making them suitable for high-risk or critical infrastructure projects.

Material Considerations Fiberglass-Reinforced Polymer (FRP): Fireproof, corrosion-resistant, and ideal for chemical plants or high-humidity areas. Powder-Coated Aluminum Alloy: Achieves Class A fire ratings and is lightweight for easier installation. Stainless Steel 316: Provides both corrosion resistance and fire safety for critical infrastructure.

Recommendations Verify that the supplier provides IEC 61537 certification and Certificate of Conformity (COC) for Ethiopian standards...
